

Musical Home Learning!

WEEK 3 - KS2

[Link for this week](#)

Warm up - why do we warm up? To avoid injury! If you sprinted 200m without any warning, you might pull a muscle, it's exactly the same with our voice!

Chicka chicka cha cha - keeping a steady pulse can be tricky. Can you keep that pulse going throughout?

As we split into 2 parts and do a **round**, choose a person to sing with and stick with them! A round is when we sing the same song but start at different times!

Notation - No new symbols this week but we do have a reading challenge! If you struggle, just pause the video for a bit and see if you can figure it out.

3 part match song - here we split into 3 parts! Choose a person to sing with and stick with them - they will bring you in and tell you when to stop.

As we play with different **structures** (how the song builds up and fits together), see if you can follow the charts on the screen. Again, pause if you aren't sure

1 = Bow Wow Wow 2=Hot Cross Buns 3 = Body Percussion X- Thinking Voice

Next week you will be coming up with your own structure but have a go before then if you like!

Google Form - now click on the link in the description on the YouTube Video and tell us how you are getting on with your music by completing the form!
